Landlord Permission Waiver

By signing this document I, _____, certify that I have informed my landlord and received permission from my landlord for Amplex Internet to mount all hardware necessary to the exterior of the building for the purposes of providing high speed Internet to my home and/or business.

I further certify that I have informed my landlord that the installation may require Amplex to drill through the exterior wall in order to run a cable from the antenna Amplex mounts on the exterior of the building into an interior location of my choosing in order to provide Internet service.

I accept full responsibility for any charges or fees my landlord may charge as a result of the installation of Amplex service. I understand that should my landlord or I terminate the lease agreement I will contact Amplex to recover, in good working order, the antenna and radio mounted to the exterior of the building. I understand that the removal of any wiring and patching of any holes created as part of the installation process is my responsibility and will not be performed by Amplex.
